Population and Housing Census 2021 (2021 Census)

The self-counting ended at midnight on March 31, 2021.

If you could not count yourself or with the help of close person, use the assisted census.

The assisted census will be carried out **on the entire territory of the Slovak Republic from 3 May 2021 to 13 June 2021**, the date was determined by the [Decision of the President of the Statistical Office of the Slovak Republic No 10900-2172/2021 from 21 April 2021 on post-enumeration to provide an assisted census](#). You can be counted at the [contact point](#) or with the help of a mobile assistant. More information can be found at: www.scitanie.sk

Data collection for the 2021 Population and Housing Census completed

Data collection for all phases of the first integrated and fully electronic 2021 Population and Housing Census completed. **Thank you for counting.**

Housing census was carried out until 12 February 2021.

Population census was realized until 13 June 2021.

Currently the data processing is in progress.
