

## Research entities

Posledná aktualizácia:23.06.2023 | Počet zobrazení:null

A research entity for the purpose of providing confidential statistical data is a legal entity and a natural person - entrepreneur, irrespective of its registered office, place of business or place of activity, which carries out research and development

The research entity completes the **Application for the Provision of Confidential Statistical Data for Scientific Purposes (for the Conduct of Research or Development)** ([DOCX 250 kB](#)) ([ODT 132 kB](#)) with the following attachments:

1. Eligibility to carry out research or development (points 1-7 in the Annex to the application). Evidence of competence to carry out research or development is not required:

- Slovak Academy of Sciences and its institutes,
- universities and branches of foreign universities based in the Slovak Republic,
- public research institutions,
- other entities carrying out research or development pursuant to the Act,
- research entities included in the list of [recognised research establishments](#) (PDF – 790 kB).

2. Eligibility to protect data (point 8 in the application Annex) - demonstrated by means of a completed **Cyber Security and Information Security Questionnaire** ([DOCX 159 kB](#)) ([ODT 120 kB](#)) Eligibility to protect data is not demonstrated if:

- access to microdata via the [Research Data Centre \(RDC\)](#) is requested,
- no more than two years have elapsed since the date of conclusion of another contract for the provision of confidential statistical data for scientific purposes with the research entity,
- the research entity is included in the list of [recognised research establishments](#) (PDF – 790 kB),
- it is an extension of the provision of microdata in the form of an addendum.

If you have any questions about the application, the availability of microdata and how to provide it, please contact [info@statistics.sk](mailto:info@statistics.sk)

### Please note:

The signature of the person authorised to act on behalf of the research entity must be delivered only after the application has been approved by the Statistical Office of the Slovak Republic, i.e. only on the version of the application that is considered final and attached to the contract.
